Level 4 and Level 3 shaded areas of the chart indicate restrictive intermediate punishments may be imposed as a substitute for incarceration.

When restrictive intermediate punishments are appropriate, the duration of the restrictive intermediate punishment program shall not exceed the guideline ranges.

When the range is RS through a number of months (e.g. RS-6), RIP may be appropriate.

All numbers in sentence recommendations suggest months of minimum confinement pursuant to 42 Pa.C.S. §9755(b) and §9756(b).

If the standard range includes RS, there is no mitigated recommendation.

The statutory limits used in this chart do not reflect the doubled maximum penalties authorized for second and subsequent offenders under 35 P.S. §780-115.

If any recommendation is longer than the statutory limit, see §303.9(g).
